Chapter 10

Lance arrives at the outer perimeter of the Castle of Lions first. He looks around and doesn't see the other Lions yet. Pidge arrives next and sees Lance. He approaches and introduces himself. Lance is startled by Pidge's presence, and introduces himself. Keith arrives and introduces himself, then Hunk. Allura approaches them and announces herself. She announces the reason why the signal was not sent (the missing component). She asks the other pilots to help find the component.
