

Strange Bedfellows by hafedor
Chapter 13

Author's Chapter Notes:

Caution!!!! Following Chapter contains a main character being raped. Read at your own risk. You have been warned.

Keith, Hunk, and Pidge lined up over the cliff. They were standing up, but still unconscious. Lotor carried his sword over to them, he raised his sword to Keith.

“I’ve been waiting to do this for a long time, commander.”, said Lotor with an evil smile on his face.

“No!”, screamed Allura, “Please stop!”

Lotor looked towards her. Tears swelled in her eyes, she looked so innocent. He had never seen her look more beautiful. A feeling came over him, it was as if he was possessed. He had to have her, it was as if he didn't have a choice. He loved her, and would never take her against her will, but at that moment he couldn't control his urges. No matter how much it would hurt her, he would take her now.

He walked back over to her, and kissed her passionately.

“I love you, Allura.”, he whispered in her ear, “I always have, and I always will.” He then slowly began to caress her breast. Tears fell from her eyes. Did he really believe that telling her that he loved her, and her not being able to resist, meant that it wasn't rape? How could anyone think that this was love, even Lotor.

“Your breasts are so soft.”, he whispered, “Your body feels wonderful, I can't help but keep touching you.”

Lotor then gently lowered her to the ground, and got on top of her. As he did so, he began caressing her entire body. He then spread her legs open, and penetrated her. She felt pain, he was hurting her both physically, and mentally. She could feel the cold hard rocks beneath her back. This was not how she imagined her first time. Lotor finished, and then kissed her forehead.

“I love you.”, he whispered again. Allura laid there paralyzed, but this time it had nothing to do with dark magic. She felt shock, and embarrassment. Her only consolation was that her teammates didn't see what happened. She couldn't handle the humiliation.

Merla made her way to the cave. No guards, she new something was wrong.

“Lotor must have sacrificed them.”, she thought, “Lance! Oh my god! What if he’s killed Lance? He may have killed them all. No! I can’t believe that, there still has to be more time.” As she made her way through the caves she could hear Lotor.

“And now, Commander!”, began Lotor as he lifted his sword to Keith, “You die first!”

“Stop Lotor!”, commanded Merla as she pointed her laser pistol at him, “You need to end this madness, now!”

“Merla! You traitorous witch! You led the Voltron force here? I should have known!”, he shouted.

“Careful Lotor, you forget, I also know the legends.”, she told him, “If I kill you, and you fall in, you won’t be accepted.” They then heard Haggar laugh.

“The gods would love to receive a traitor!”, cackled the old witch. Merla turned around, and saw Haggar with Cobra. Cobra hissed at Merla. She grabbed the evil cat, and held the pistol against it’s head. Haggar screamed.

“Let the blue cat go!”, she yelled.

“Forget it you old hag!”, Merla commanded, “Stay back, or this kitty will need a taxidermist!”

Cobra then hissed, and bit Merla. She screamed, and flung the cat over the cliff.

“No!”, screamed Haggar as she ran to the edge of the cliff. Lotor then grabbed Merla and held his sword against her jugular.

“Don’t worry Haggar, she’ll pay!”, said Lotor, “Unlike the others, she will feel severe pain!”

“Let her go!”, cried Lance aiming his pistol at Lotor, “I won’t let you harm her!”

“Lance!”, screamed Merla, “Get out of here!”

“What’s this?”, asked Lotor, “Do you care about one another? You fool! Did you really give your heart to this harlot? Do you have any idea how many men and women she’s been with? You are just one of many! Tell me, Lance. Did you kiss that little mole on her inner thigh? Don’t worry, I haven’t seen it myself. My father told about it!”

“Shut your filthy mouth, asshole!”, shouted Lance, “Or I will fucking shut it for you, permanently!”

“I don’t think so!”, said Lotor, “I think you should join your friends, or I will slit this bitch’s throat right before your eyes.”

“No Lance, don’t!”, screamed Merla, “He’s going to kill me anyway! Please run!” Lance looked at Merla, he knew he had no choice. He would die for her. Lance dropped the laser pistol, and stood next to Keith. He then fell under the same spell as the rest of his teammates.

“I think I will kill them first.”, said Lotor as he still held his sword against her neck, “You can watch your lover die.”

“Forget it Lotor!”, screamed Merla. With that she used the back of her foot to kick him in the groin. He dropped the sword, and they both fell to the ground.

Allura, who was still lying on the ground, Had tears running down her cheeks.

"Please stop.", she said softly to herself. No one could hear her, but she felt like she was screaming it at the top of her lungs.

Then, all of a sudden, she started to feel some strange surge of power. As she did the spell began to slowly break for the Voltron force as well. They still couldn’t move, but they were now conscious as to what was happening. Everyone could see Lotor, and Merla struggling.

Lotor grabbed his sword, and got up quickly. Merla was still on the ground, and looked up at Lotor. They looked at each other, and saw hatred in one another’s eyes. He held the sword over his head, pointing down, as if he were about to run it through her heart.

“Goodbye, Merla!”, he said with an evil smile on his face, “I hope you enjoy hell!”

“No!”, screamed Allura. She had broken the spell, and rushed towards Lotor. As she pushed him out of the way, they both fell over the cliff.

“Allura! No!”, cried Keith. Keith, Pidge, Hunk, Lance, and Merla ran to the edge of the cliff. They looked down, but they saw nothing. They were gone. Everyone began to cry at the thought of losing their beloved friend, and teammate.

“No!”, cried Keith, “She can’t be gone!”

“If only I had told her the truth.”, he thought, “If only I had told her how I truly feel. If I had the chance again Allura, I would tell you...I would tell you that I love you.”
