

Strange Bedfellows by hafedor
Chapter 8

Allura swiftly moved throughout the caverns. She had to be quick, yet still lay low.

“I have to find a ship.”, she thought, “It’s my only hope.” She could hear the guards coming, and hid behind some rocks. She then held the laser pistol close to her.

“We have to find her.”, one of the guards said, “Lotor will execute us if we don’t.” They were about to walk by her when one of them saw her blond locks behind the rocks.

“There she is!”, one of them yelled. She then took the laser pistol and fired at the two guards. They fell, but were still alive. She kept the laser on stun.

“She’s quite resourceful, isn’t she Lotor.”, laughed Haggar as they watched from Haggar’s crystal ball.

“I don’t see any blood.”, responded Lotor, “Obviously she shot them while the laser was set to stun. I find her innate need to always do the right thing quite erotic. I have always fantasized about corrupting her, especially in the bedroom. I must have her as my own.”

“Don’t worry my prince, you shall.”, said Haggar.

Allura walked through more caverns. It felt like she was walking through a maze. All of a sudden she noticed Lotor’s own ship. Many nights she had nightmares of him kidnapping her, and forcing her aboard that ship. Now it was her only means of escape.

She ran towards it, and felt that she was going to make it. Until...

“Well my dear.”, cackled Haggar, “Once again you have been nothing but trouble. You’ve been a thorn in mine, and Zarkon’s side for too long. Soon it will be over.”

“Haggar!”, screamed Allura, “I should have known you’d be part of this! Are you really willing to let Lotor kill himself just to get rid of me?” Haggar just laughed.

“You don’t get it do you?”, the evil witch replied, “The Drule gods are real. They want Lotor to join them. His reward for doing so is you. You will be his forever.”

“You don’t really believe that.”, replied Allura.

“Foolish girl.” remarked Haggar, “Where do you think I get my dark magic? I can assure you if this wasn’t real, I would gain nothing. Once Lotor becomes a god, he will make me young and beautiful again. Zarkon will love me the way he used to, and I will bear Zarkon’s new heir.”

“You’re just as mad as Lotor!”, yelled the princess. She turned to run, but two guards from out of nowhere blocked her path. They grabbed her, and held her. She couldn’t get away.

“I’m afraid Lotor won’t go without you my dear.”, said Haggar,

“Forget it!”, yelled Allura, “Out of my way old witch, I’m getting off this hell planet!” Haggar just laughed.

“You can see how strong you have become since you’ve arrived here. You no longer fear me. The gods that I worship are empowering you. They have plans for you and Lotor. Neither Lotor, nor his father, understand this.”, Haggar told her.

“I would never worship evil.”, she told Haggar, “Why would they want me?”

“You are more powerful than you know.”, the evil witch replied, “Zarkon believed your father was the threat, that’s why he wanted him destroyed. Until you became ruler of Arus, Zarkon was feared throughout the galaxy. Now he can’t even defeat a little girl.”

“That was because of Voltron.”, Allura replied, “It had nothing to do with me.”

“But you fly the blue lion.”, said Haggar, “I was able to get to Sven, and incapacitate him. Once you became a member is when Voltron was truly unbeatable. Both you and Lotor have a powerful destiny, it is even beyond anything ever known.”

“You can’t fool me Haggar.”, she plied, “It won’t get me to accept Lotor.”

“You will learn the truth soon enough my dear, take her to Prince Lotor! He will be pleased that I’ve found his eternal bride to be.”, said Haggar ordering the guards.

Keith, Pidge, and Hunk landed on the planet where Lance and Merla crash landed.

“It took forever to fly here while carrying the blue lion.”, said Hunk, “I was afraid we weren’t going to make it.”

“The signal is coming from over here!”, yelled Pidge, “Look, there’s red lion!” The team ran over to it, they hoped that Lance was still alive.

Pidge jumped up on top of the lion’s head, and opened hatch. He looked inside and was horrified at what he saw.

“Lance! Oh my God!”, screamed Pidge. Hunk and Keith ran over, and climbed on top of the lion’s head.

“Lance are you...!”, began Keith, “Oh my God!”

“Oh crap!”, yelled Pidge, “I think I just hit puberty!”

“Ah...hi...ah...hi guys.”, said Lance as he and Merla were both naked, and in each other’s arms.

“Lance!”, said Keith sternly through his gritting teeth, “Put your clothes on and come out here now! I need to talk to you.”
