

The Inn of Cossack the Terrible by Princess Iris
Chapter 3: Secret Trades

I'm standing against the wall by the door trying to compose myself, wondering what I should do. I think about all that Lotor's told me about this place & why Cossack would be here. Out of all the times I've been around Cossack, he's never spoke of this planet. Is my brother not telling me the truth about something or does Cossack secretly run a hotel? He even has his own living quarters in this place, which means he'll probably be here for some time. Has Nerok even told him about me being here? If so, then Cossack would've knocked on my door to check on me. Should Cossack even know that I'm here? Afterall, this is me & my brother's secret getaway.

I'm laying in my bed watching TV, hoping to fall asleep, but the noise next door is keeping me awake. I put my ear up to the wall only to hear women acting obnoxiously & Cossack in the midst of some mushiness with them in the jacuzzi. I wish I could go over there & tell them to be quiet. Then I hear them get out the tub with Cossack giving orders to the women. He says, "Alright girlies. I shall now give u orders & u'll do as I tell u. U'r in the hotel of Cossack The Terrible where I'm the one in charge & runnin the show." His tone of voice was rather harsh & authoritative. He tells the other girls to remain nude & sitting on the sofas, while he take one of them to his room. It wasn't but a minute that the woman in his bed asks him, "Hey what's that toy?" Cossack yells at her, "I'm going to use it on u. U'll stay still & cooperate or I shall do worse to ya," he then chuckles. Only a second later, the woman is screaming, "Owwwwwww! Cossack that hurts. Stop!!!! That thing u'r sticking in me is hurting me. Ahhhhhhh!!!!!" The woman is then crying until I hear Cossack strike her a few times yelling, "Shut up girlie & do what I tell u!" I wondered, "what the heck's he doin in there?"

I've already contacted Lotor on my transmitter upon my arrival at Planet Pueblonia to let him know I made it here safely. He said everything on my planet was going smoothly. Upon discovering this ordeal, I wondered if I should contact him again today to tell him about it. When it's nighttime on Planet Pueblonia, it's usually early morning on Aden. My brother isn't up yet, so I shouldn't wake him from his sleep. What would he do if he found out his Commander was engaging in this kind of behavior. I've always known men in the Empire to treat pleasure slaves inhumanely, but Cossack? He's the last person besides my brother who would do a bit of harm to them. It's around 2PM & hopeful"ly everybody including Cossack is turned in for the night, so I trail out of the room to the Gift Shop downstairs in search of something to munch on.

Down in the gift shop, I found myself browsing around. There was mostly souvees, snacks, & Adult Sex toys. Now why would a gift shop sell X rated products? I asked the cashier who was an older Drule man & he said Cossack, the owner makes them, & markets them in the gift shop. I eyed the sex toys, cuz they were so strange-looking. Out of all adult stores I've been in on Planet Doom, I never seen the stuff Cossack makes. It's no wonder that woman was crying in anguish.

I make my way to the elevator where this nicely dressed, middle aged, Drule guy followed me onto the elevator. He happened to watch what button I was pressed to go up & I asked him, "What floor u going to?" He said, "I'm goin the same level u'r going, miss." Few seconds into the ride up, he begins complimenting me on my looks & repeatedly hitting on me. I thank him, then just ignore him. Once off the elevator, the man begins asking me to come to his room. I told him, "No, cuz I don't even know u." I then quickly walk away from him until he grabs hold of me, & lifting me up. He snatches my room card from me, while I attempt to get away from him. The man was so strong as he had me lifted pretty high off the ground * my arms restrained to where I couldn't break free. I managed to move my left arm around & reached my fingers & pinched him so hard that he yelped in pain. The man then threw me to the floor as I yelled in pain. I was scared as to what was next, especially when he unlocked my door with my room card & drug me into the room. I screamed at the top of my lungs for my guards. Where were they? The man now hurled me up & slammed me on the bed. He tells me, "U will stay where u are or I'll break u'r pretty face." I beg him, "Pleaz don't hurt me. Lord help me." He rips of my robe saying to me, "Now I'd like to see what's underneath." I move my leg trying to trip him until he pins it down with his leg as he unbuttons his pants. He was mooning over me as he was getting ready to make his entrance. I had been crying & begging him not to hurt me. I wonder if anybody would be there to save me from this near-rape until an older man came up behind the attacker & struck him hard with a whip. The man screamed in pain & turned over. I looked up & seen that Cossack had come to my rescue. Even though Cossack was doing some weird things, I had forgotten all that he was doing & was thankful he had been there to rescue me.

Cossack took me into his living quarters where he had treated my wounds & calmed me down. I was pretty shook up over the fact that I was almost raped. Cossack asked me, "Where were u'r guards at?" "They stay in rooms downstairs, cuz that's where Nerok put them. I also had no idea of u being here." I then asked him about the hotel & things he made, while he wondered what I was doing over here. Cossack had made a confession to me about trades he was engaged in on the side that he never told me or my brother about. I had looked around at his toys he had made, while he kept on with the jabber. Cossack sure luvs to talk & display his sense of humor to me. He's also good at protecting me like he was a while ago. If he sees or knows about me being in trouble, he won't hesitate to go out of his way to help me out of it. I luv all that about him. I was fortunate that he had been hired to be my brother's second command.

He walks me to my room, before we turn in. Before shutting me door & leaving, he says, "My Princess, if u need anything, pleaz let me know. I'll watch & see that noone hurts u. I went to bed feeling a little pain, but relieved at the same time. Once Cossack administered the menace his beating, he sent him on a Doom ship to be taken as a slave. Even though I hated the fact both my Father & brother believed in having slaves, "I was happy to see my predator on his way to Planet Doom.
