

Voltron/Snoop Dogg Crossover Story by Princess Iris
Chapter 5: The Wedding is Off

This section begins in the Castle Of Lions on Planet Arus. Koran & the Voltron Force are in the Control Room.

(Sven pops up on the monitor)

Sven- Castle Controls, come in.

Keith- Sven what just happened?

Sven- It's awful. Doom Forces had attacked Pollux & took many peoples captive along with both Prince Bandor & Princess Romelle. If u go over to Doom to attempt their rescue, I will that warn u Zarkon has replaced Lotor with his nephew, Jarius. Be careful, he is very corrupt & evil-minded. I'm worried about Bandor & especially Romelle. Jarius talked about Romelle her slave & bride eventually.

Princess Allura- This Jarius guy seems to have the qualities of his cousin.

Sven- I wouldn't say that Allura. Unlike Lotor, Jarius has no heart. Oh gosh, I'm so worried about Romelle. I wish I could've let them capture me instead of her. I'm feelin really bad. I can't believe I let this happen.

Keith- Nobody on Planet Doom will get away with anything. Team we must act fast. To the lions.

Voltron Force is in their lions & on their way to Planet Doom. On Planet Doom, a ceremony was being held by King Zarkon in his throne room. Prince Bandor is being restrained by soldiers while Jarius has Princess Romelle on a chain leash.

King Zarkon- Jarius, my nephew, u have brilliantly & I grant u u'r reward. I shall now give u the title of the newly Crown Prince Of Doom.

Jarius- Uncle Zarkon, I'm honored to serve beside u.

King Zarkon- (Announces to audience) Prince Jarius will no doubtly lead our forces & the Empire to victory. I'm priviledged to have u now as heir to my throne, cuz I can trust u. We now have the most evil forces of the universe.

Doomites- (Cheer) Hail Prince Jarius!!!

Doomite- What about Lotor? Plus, U have u'r other sons, Sincline & Devon.

King Zarkon- Prince Lotor has been banished from the empire for his crimes against the empire & will suffer severe consequences. My sons are also ruling on planets which I've conquered. Jarius will also best suit the needs of this empire. Ladies & Gentlemen; I now prounounce my nephew as Crown Prince Jarius of Doom.

Jarius- With me as Prince, Doom will now have victory.

Audience- (Cheers again) Hail Prince Jarius!! Hail Prince Jarius!!!

The Lions have reached Planet Pollux & where Sven is. They are debating how they will get inside the dungeons of Castle Doom to rescue Prince Bandor & Princess Romelle.

Keith- Sven, this is goin to be really tricky. How are we goin to get inside Castle Doom's dungeons?

Sven- This mission will not be easy.

Lance- Keith, were gettin a communication signal, but from where?

(Queen Merla pops up on monitor)

Pidge- Hey, it's Queen Merla.

Queen Merla- Voltron force, I have contacted u to warn u.

Lance- What's goin on?

Queen Merla- I have spies on Planet Doom who has just informed me of the captives Jarius has taken from Pollux. In the event of taking action to rescue them, I must warn u to be on look out for possible dangers.

Keith- What kind of tips can u give us?

Queen Merla- U must not go in the lions & Princess Allura, u would be best to stay behind. It's must too dangerous for her to be within reach.

Princess Allura- But what must I do? I have to go help the team to rescue my cousins & their people.

Queen Merla- I only contact u & tell u this for u'r own safety Allura. One of my dwarflings have informed me of King Zarkon's plans to capture u & force u to marry him. Jarius has also became new Crown Prince Of Doom in place of Lotor & plans to wed Princess Romelle. Boys, u must act quickly.

Keith- How must we go to Planet Doom without being seen?

Queen Merla- I have a ship here that u could take that Planet Doom won't recognize. It looks similar to their own ships, so they will think it's one of their own. U must come over here to Furia to pick up the ship & drop Princess Allura off here with me. I'll see to it she gets back to Planet Arus.

Keith- Were on our way over there Merla.

The Voltron Force is at Queen Merla's Castle.

Sven- Queen Merla, we appreciate u'r assistance on helping us out in this situation. We wouldn't have known what to do.

Queen Merla- I'm only concerned for our safety. If we allow King Zarkon's power to become stronger, then the whole universe will be at stake. I couldn't let what I've heard happen, so I took it upon myself to inform u. They've already staged 2 attacks at once & also have a team of robot ships searching for Lotor.

Lance- I wonder if they'll find him.

Queen Merla- I really doubt it, because Lotor from what I understand is on Planet Earth. Doom's forces wouldn't even think he's there. (Garage door opens) Here's the ship.

Hunk- Zarkon is seriously gonna be fooled.

Keith- I say what we do is disguise ourselves as Doomites, but how?

Queen Merla- I can help u do that.

(Queen Merla's dwarfling are in a Vanity Room putting finishing touches of makeup on the Voltron Force boys & costumes to make them fit in on Planet Doom)

Lance- Boy, this is goin to be really interesting. Now what kind of brains will be able to figure us out.

Queen Merla- It will take a lot of brains. Not even Hagggar will figure out the scheme. However u must act quick to keep anybody from gettin suspicious.

Lance- Pronto!!

Queen Merla- Good luck team!!!! & Be careful. Zarkon's forces are stronger than before. That nephew of his isn't nuthin to play with. Pleaz contact me if u need anything. While u'r there, I shall be taking Princess Allura back to Arus.

On Planet Doom, the Voltron Force is approachin in their fake Doomship & disguises.

Keith- Here we are team. We must not give them clues.

Lance- I'd say we have to come up with a good story.

(In Cossack's chamber, Cossack gets a call from one of the robots)

Robot- Cossack, we have an unidentified Doom ship landing outside the castle.

Cossack- And I shall be there to welcome them.

(The fake Doominites exit the ship & Cossack approaches them)

Cossacks- Greetings stangers, Who are u & what brings u here.

Sven- We are here from Planet Tyrus & are here to see the robeast games. How do we get to the arena?

Cossacks-(Points the direction) It's down that way.

Lance- (Whispers) I have the feeling that this isn't gonna be easy.

Keith- For now, we need to make the people of Doom think we're here for the robeast games, so I'd say we stick with the plan.

In Castle Doom, Haggar is making preparations for Princess Romelle's wedding to Prince Jarius

Princess Romelle- I refuse to wed that monster.

Haggar- Well, whatever u say, the marriage will still take place. I have the perfect wedding gown for u to wear. It's just too bad we haven't got u'r cousin yet. For she is to be married to King Zarkon.

Princess Romelle- Not if the Voltron force has anything to do with it.

Haggar- They will have to get thru me & Prince Jarius to keep the wedding from happening. Besides, the wedding is only a couple hours away & I'm afraid by the time the Voltron force makes it here to come to u'r rescue, u will already be married to Jarius rather u want to or not. (Cackles)

Princess Romelle- Laugh all u want old witch, but nobody will make me marry him.

Prince Jarius walks in after hearing the commotion between Haggar & Princess Romelle.

Prince Jarius- What did u say? (Grabs Romelle by her upper arm)

Princess Romelle- What do u want with me Jarius? I will not wed u. I'd rather die in the

dungeon than rule the kingdom with u.

Prince Jarius- (Grabs her chin & Slaps her several times) Woman, u will not talk to me in that manner. U will obey & cooperate with me, u understand.

Princess Romelle- (Punches Prince Jarius in the chest) I will do as I pleaz. U don't own me bastard!

Prince Jarius- (Kicks her in the stomach on the floor) U wanna get sassy with me?

Princess Romelle- (Screams & Cries) I hate u! I fuckin hate u. It will make my day just to see u burn in hell. Just when I thought u'r cousin, Prince Lotor was the Prince from hell. U'r much worse than u'r cousin ever was.

Prince Jarius- (Laughs) U got that right sweetie. That's why I've replaced him.

Princess Romelle- U know for once after so long, even after the things he's done to me, I actually wish Lotor was here. With me being in the position I'm in now, I'd rather choose him over u.

Prince Jarius- (Grabs her hair) Is that so? Well, that's just too bad. U'll be my wife & will honor her husband the way a wife's suppose to u understand?

Princess Romelle- I will not honor u, u son of a bitch!

Prince Jarius- Okay so that's how it is? Let me just make this easier for u. (Kicks her down on floor & drags her on the floor toward his chambers)

Princess Romelle- (Screams & cries) Let me go! Help me somebody help me!

Prince Jarius- (Laughs) There aint nobody here miss. This is Planet Doom!

Prince Bandor hears Romelle screamin & pushes guard down taking his lazer gun & running toward Jarius)

Prince Bandor- U let my sister go bastard!!!

Prince Jarius- Hey, how did u get out here?

Prince Bandor- That doesn't matter. I won't let u harm my sister! Now put her down before I make things really ugly in here.

Prince Jarius- Don't forget. I have u'r sister in my arms. I'm sure u won't want her harmed in the process do u?

Princess Romelle- Bandor, don't worry about me. Pleaz go get help.

Haggar- (Walks in) Not if I have anything to do with it. (Blasts him with her staff)

Prince Bandor- Ahhhhh!!!

Haggar- Now it's time I get u dressed for u'r sister's wedding. I'm sure that's something u won't want to miss.

At the Doom Arena, the Voltron Force dressed in their Doomite disguise are watchin Robeast games with many other Doomites. A couple Doomites seated next to them strike up a conversation.

Doomite (Lamchak) - This ought to be an interesting match. I hope the orange robot robeast wins.

Doomite (Cherak) - If it does, Haggar plans to use it to destroy Voltron.

Lamchak- It's computerized & programmed by somebody to do many things.

Cherak- A remote control? Now how will Voltron be able to beat that one?

Lamchak- He won't even know the next move. Voltron's Commander won't have a clue as to how to beat him when he can't predict what he's gonna do.

Keith- (Whispers to himself) Thanks for the tip bozoe.

Lance- If this robeast wins, we can plan ahead as to how were gonna beat him.

Pidge- I say it's a good thing we decided to visit Planet Doom.

Lamchak- Did u say something?

Pidge- Umm No. We were just talkin about the robeasts in the match. I like the orange robot myself.

Lamchak- Haggar made the robeast, but Jarius decided that it would be undefeatable with him controlling it.

Lance- It seems like they've gotten technical this time. So how often u come to these things?

Cherak- We come to these all the times. I've never seen u here.

Lance- That's because we come from Planet Tyrus. This is our first time watchin the Robeast games. We've heard about these & decided we ought to come over here to check them out.

Cherak- Well, u'v picked a good nite.

Keith- What's goin on?

Lamchak- Festivities & a wedding. The new Prince, Jarius is gettin married to the Princess he captured from Pollux.

Lance- Man, what a night. We sure did pick a great night for entertainment on Planet Doom.

Hunk- Yeah, there's plenty on Tyrus, but Doom has it's robeast games.

Cherak- The good part is the wedding. We are so grateful for the new Prince. He's Jarius, King Zarkon's nephew. After succeeding in his mission on Pollux, he decided to reward him last night by pronouncin him a Crown Prince Of Doom.

Keith- What's happened with Lotor?

Lamchak- Through the grapevine, he had uped & vanished, never yet returned. Zarkon also was fed up with his failures & egocentric attitude.

Cherak- Lotor was like a traitor to this planet, so it was best that Zarkon had him replaced.

Lance- U'v got that right. He was like Zarkon's puppet. Otherwise, all he cares about is chasing Princesses.

Cherak- Yeah, blond twitty ones from planets who side with the Alliance. Not conducive to the Empire's needs. It was best for the Empire that Jarius be Crown Prince & left as heir to Zarkon's throne. He'll lead us to victory.

Pidge- What's his plans for Lotor?

Lamchak- (Runs tips of head across neck) Chop!!!! And it's about time too. Zarkon was so fed up when he found out about him missing that he decided to send some search ships out to capture & bring him back to Planet Doom for his Doomsday.

Cherak- He from what I know hasn't yet been found. It doesn't matter to Zarkon, because he can accomplish more without the little upstarter.

Lamchak- Prince Lotor isn't here to interfere or screw his plans up. He be best to stay where he is.

Keith- Yeah, Lotor definitely needs to stay where he's at.

Announcer- Orange robot beast has sequentially defeated the green lizard robeast.

Cherak- (laughs) Now Voltron your next!

Lamchak- No, first is the big wedding. It's only an hour away.

Voltron force gets up.

Lance- Only an hour away. How are we goin to do this.

Sven- We can't let nuthin happen. I've got to find & save her. I'm worried as to what Jarius is already doin to her now.

Voltron force congregates in a circle of a hallway corner.

Keith- Guys, I know this isn't goin to be easy, but when Romelle walks in, Sven u will intercept her while we hold off the guards.

Lance- How will we do that without being seen. We have to be really sneaky about this.

Sven- We also have to rescue Bandor, but how?

Keith- U know I have a plan. Princess Romelle is most likely gonna be with Haggar in her chambers gettin touched up for the wedding.

Sven- Prince Bandor is elsewhere. From what I understand, he's somewhere where he can be escorted to the wedding.

Keith- Or worse.

Hunk- Hey, I can be a Doomite who works in the Castle requesting him for duties, then I can somehow sneak him onto the ship.

Sven- Keith & I shall go to Haggar's chambers to look for her.

Lance- Hopefully Cossack isn't standing out in front. Me & Pidge will be there to hold him off as we get Bandor & some slaves onto the ship. We can say that we are taking these slaves to Planet Tyrus.

Keith- Great Plan! Let's pull it thru.

In Castle Doom, Haggar & some female slaves are finishing the touches of Princess Romelle's wedding dress.

Princess Romelle- (In tears sobbing her eyes out) I will not marry that monster. U will have to force me down that aisle.

Haggar- Yeah, I guess that's what I shall do. My evil magic will carry u there.

Someone knocks on the door.

Haggar- (Coughs) Come in!!

Keith- Excuse me, Haggar, Zarkon needs u in his throne room.

Haggar- Thank u. (Straps Princess Romelle to pipe & begins to walk toward throne room)

Princess Romelle- U won't make me marry that monster either.

Sven- (Whispers) Romelle, it's me. Shhh!!!! Keep quiet, we don't want them to hear us.

Keith- (Whispers) U both go in front of me. I'll hold off any intruders.

In the slave quarters, Prince Bandor is dressed up in a tuxedo awaiting his sister's wedding.

Prince Jarius- Well, boy this wedding will make my day.

Prince Bandor- Don't think u'r gonna away with this. U may marry her, but she can also unseal the marriage.

Prince Jarius- U think so Huhh! She's mine forever rather u like it of not. As for u, u will perish along with u'r friends.

Prince Bandor- U know u are by far more of a creep than u'r cousin. I never knew Prince Lotor had a cousin who could be as evil as he is.

Prince Jarius- Let's say fellow Prince, that u & Prince Lotor may fight opposite sides, but u both have strong resemblances. Both of u'r Mamas were some hoe ass bitches that had too much heart & compassion & therefore inherited that from them. Lotor may have some qualities of his father, but he's more like his Mother deep down. I'm more ruthless & powerful. U & Lotor both as Princes are by far the most incompetent.

(A Doomite interrupts. It's actually Hunk)

Hunk- Excuse me sire, but may I borrow him for a minute. I have some special touches that need to be done to this wedding.

Prince Jarius- Okay, but I want him bought back here in 15 minutes. The ceremony is only 1/2 hr. away.

(Hunk takes Prince Bandor)

Prince Bandor- Hey, where are u taking me. I'm not leaving my sister.

Hunk- (Whispers) Shhhhhh!!! It's me Hunk. I'm Doomite in disguise. Keith & Sven are getting u'r sister, but we need to quickly get onto the ship.

(Hunk, Pidge, & Lance are sneaking Prince Bandor out to the ship & meet up with Keith, Sven, & Princess Romelle)

Keith- Hunk, u made it.

(Cossack comes out from behind)

Cossack- Hey, where are u Doomites taking them two. (Points to Romelle) She is suppose to be marrying Jarius.

Lance- The ceremony has already happened. She's married Prince Jarius. Jarius has ordered us to take them both to Tyrus for the honeymoon.

Cossack- Now why would he want Bandor to go.

Sven- He promised to bring him to be a servant on the trip as long as she cooperates.

Cossack- Well, now how can we argue with that.

(Everybody gets on ship & takes off.)

Hunk- Woaaaa!!!

Lance- That was tricky, but we made it.

Prince Bandor- That was the best escape plot ever.

Princess Romelle- I just hate that we have to leave behind our poor people as slaves.

Keith- We will come back to rescue them, but for now we need to get u guys back to the Castle Of Lions, because Pollux isn't safe right now. Jarius is really tricky.

The End Of Part Five
