

Voltron/Snoop Dogg Crossover Story by Princess Iris
Chapter 7: It's Another Gangsta Party

2 Pimps On The Run

Chapter begins out in the middle of a California Desert & American troops along with Space Explorers are on a mission to find the mysterious battleship.

General Lawson- (Calls in on his C.B. radio) Commander Steele, me & the boys have been out in this dry, hot desert for almost half the month & still not found any sign of the crashed ship.

Commander Steele- It has to be out there somewhere. The satellite picked it up that the ship was headed in that direction.

General Lawson- Look, Commander, we have combed every inch of this desolate place. Maybe we should pick up & search elsewhere. I say we should try somewhere off the coast.

Commander Steele- General, how could he have possibly crash-landed off the coast when I've not gotten any reports from people out that way.

General Lawson- I don't care what u say. Somebody might not have noticed his crash landing. It took place in the wee hours of the morning. We are loading up to go checkout the coastal metropolitan areas.

Commander Steele- U must work fast General. We can't have this dangerous man out on the loose. When he is found, we should have brought to justice.
The President of the United States will give the nation a State Of Address, so residents can be warned & know what to expect.

General Lawson- Pronto, sir.

Back at Snoop's place, Lotor & Snoop are inside the battleship. Lotor is opening some double doors to enter his money room.

Snoop Dogg- Damn, Prince! Where did all that dough come from?

Prince Lotor- (Laughs) When I left Planet Doom, I decided to wipe out some of my Father's funds. I may be a thief in his eyes, but the mf owes me his life's savings after all the pain & suffering I had to endure under his command.

Snoop Dogg- U did what u felt u had to do. Nothing wrong with what u did. U didn't steal. Besides u are the Crown Prince Of Doom & therefore are entitled to that money.

Prince Lotor- There's no way I could travel the universe broke.

Snoop Dogg- Well, it's a good thing u cleaned house, cuz it's time we get out of the house for a minute. We've been layin around the house for days. It's time I take u out & show u my world.

Prince Lotor- U'r world?

Snoop Dogg- Yes of course & maybe u can one day take me to u'r world.

Prince Lotor- If I ever make it back there. I wonder where I could get some lazoo around here.

Snoop Dogg- Hmmm! Some lazoo? Well, we get to that part later. I hope u'r not thinkin about leavin me nephew. We are gettin to know each other pretty well. U don't need to go back to all the bullshit in that galaxy u'r from.

Prince Lotor- Why would I want to leave? I would hate to, but I have some unfinished business to take care of, plus I overheard Queen Merla the other night tellin Lamora that my cousin Jarius has taken over my position as Crown Prince Of Doom & Doom's Forces. I'm terribly worried about the Princess.

Snoop Dogg- Look, quit worryin about that Princess. She has her friends to protect her. If she loved u enough, she'd be callin u'r ass right? Besides the bitch kept refusin u'r ass anyway. I've told u that there are enuff chicks in many miles that u can get. U also don't have to worry about them bullies from the Voltron Force taunting u'r ass & being a victim on that dark ass Planet u came from.

Prince Lotor- U got that right Snoop. Now that I think about it, I've been havin a lot of fun ever since I've dropped in here.

Snoop Dogg- U sure have. U had a ball the other night smokin up that bud, Me & u been chillin it & kickin it here at my crib. For the last month of u being here, u've become like a brother to me. U'r a friend I never had Prince. I never thought I'd see a totally different side of u from what I seen on the show. When u crash-landed & scared me so bad to where I passed out, u took the time to carry me in the house & have me resuscitated. U & my kids have fun with each other.

Prince Lotor- And I feel so much better too. I feel like I've been doin more good deeds now than bad ones. I don't know, but it seems like the evilness that for long consumed my mind is now fading away.

Snoop Dogg- I believe if u stay on the track u'r on, u will be a totally different person. (Looks over on a nightstand & finds a picture of Prince Lotor being held by his Mother) Is that u'r mother?

Prince Lotor- Yes & I miss her too. I so badly want to find her.

Snoop Dogg- U think she still could be alive?

Prince Lotor- Well, Haggar says so, cuz she told me she just uped & left when I was like 5 yrs old.

Snoop Dogg- U know they could be lyin to u.

Prince Lotor- Tell me about it. I have yet to find out about my heritage. It's plagued me off & on for so long. I often have nightmares of my Father killing my Mother & then seeing Allura. I think it's because Allura has reminded me so much of my mother in many ways. That answers why I'm so in love with her.

Snoop Dogg- Well, u should have Ms. Queenie back home do all that work for u, cuz I'm goin to show u my world.

Prince Lotor- More fun?

Snoop Dogg- Yes, more fun. Would u want to miss out on gettin high on life? I'm gonna show u where I work, where I kick it, & find u some hot chicks to add to that harem of u'r's.

Prince Lotor- U have a harem too?

Snoop Dogg- Yeah I sure do & have some fine ones too.

Prince Lotor- I wonder if they're as beautiful as Princess Allura.

Snoop Dogg- Oh hell yeah. And they'll luv ya like that too. What do ya say?

Prince Lotor- I'm ready whenever u are.

Snoop Dogg- Now before we go out anywhere, we need to do something about u'r wardrobe u have on. U don't know Earthlings? They'll freak out when they see u in that shit

Prince Lotor- How do I know? One dude freaked out so bad when he saw me that he passed out.

Snoop Dogg- (Laughs) Whatever it is, the game is on.

Prince Lotor is in Snoop's house with Snoop's wife Shante.

Shante- (Pulls him upstairs) Yeah, my husband can't be takin u out in his rod dressed like that, so he gave me permission to loan u one of his playa outfits until u go shoppin for some of u'r own.

Prince Lotor- U know what? I'm ready for a new wardrobe. This military uniform is gettin old. Once I get some gear that suits me, I'll be just wearin this here & there. I admit that I cherish this uniform, but could stand to see myself in different wear.

Shante- And u know what? It won't be a challenge at all to find u something in the closet, cuz u

two are exactly the same size. (Goes thru closet) Here's a blue track suit.

Prince Lotor- (Points to an outfit) No, what about that red one?

Shante- I don't know if u want to wear red or not out here. If the wrong person sees that on u, they might kill u.

Prince Lotor- They won't kill me. If I was an easy target for gun-totin gangstas, I would've already died at the hands of the Voltron force. Besides I want to wear red.

Shante- Why would u want to wear red? Even though it will look rather stunning on u.

Prince Lotor- Don't know. It's not like I have Allura to worry about impressin. After all this time I've been here, I'm beginning to feel differently about things. I'm chosing red in hopes that me & my worst enemy back at home will one day make peace with one another.

Shante- Are u talkin about Commander Keith? I can't see u wantin to possibly do that? U two hate each other.

Prince Lotor- Well, he can hate me all he wants to, but I shall wear this red suit anyway as my way of giving him props. I'm actually beginning to have luv for him, because he's a hero. From my experience fighting him in battle, I look back & realize that the man was so brave, intelligent, and willing to risk his life to save others. He even attempted saving my life at one time.

Shante- I never thought that u would speak so well of him like that.

Prince Lotor- Commander Keith is honestly the best leader I've ever known. I hope to one day tie up loose ends with him & fight side by side with him to defeat my father. I owe him. After all, he's done so much to protect the Princess. I admit that I have strong feelings for Allura, but u know what? She deserves Keith. If I was over there in the Denubian Galaxy right now, I would not only put myself in harm's way for the Princess, but for the Commander & the rest of the Voltron force as well. The Voltron force may have humiliated, taunted, & defeated me many of times, but My Father & his forces have done me much worse than they have. If I hadn't grown up on Planet Doom & on a good planet, I wouldn't have the reputation I have with the Voltron Force.

Shante- Sounds like u'r beginning to see the light on things. But now that we've picked out u'r outfit, my husband has laid out this bling for u to wear. As for u'r hair, I don't care if it stands out, it will stay as is. It is too pretty to have anything be done to it.

Prince Lotor has changed & Snoop Dogg has walked in the room.

Snoop Dogg- So, u'v decided to wear my red.

Shante- Yeah, he said he wanted to wear it, because it's the same color as Commander Keith's outfit.

Snoop Dogg- And I have on blue, so I guess I can represent u'r girl's lion. Let's go. We outta here.

It's a cool evening out on Santa Monica Blvd. & Snoop & Prince Lotor are ridin in Snoop's SUV jammin to Tupac's classic, Amerika's Most Wanted.

Snoop Dogg- This is a hit me & my boy, Tupac made 10 yrs ago.

Prince Lotor- So, is Tupac another rapper? He's off the hook like u.

Snoop Dogg- He was my partner in crime in this rap game back in the day. Then he caught bullets in Vegas & that was the last of him. I really miss him. He was one of the best rappers ever to set foot in the Rap game. In fact, he was better than I was.

Prince Lotor- I'm sorry that happened. What we gonna be doin?

Snoop Dogg- We goin to kick it as the House Of Blues. U'll really get to see how we do it out here on the Westside.

Snoop Dogg & Prince Lotor walk into the House Of Blues & meet up with the Dogg Pound crew.

Prince Lotor- Man, this place is a lot more suave & sophistication than what I find on Doom. Damn, look at the chicks in this place.

Snoop Dogg- Oh, that's just the beginning. The finest females on this planet can best be found here in Cali. Tomorrow, I'll be takin u out to the beach where u can find more of them suited to u'r taste.

Prince Lotor- Who may they be?

Snoop Dogg- Lotsa of blonde chicks. I know u prefer lots of those type of broads.

Over in one part of the club, Daz Dillinger, Kurupt, & Warren G. are chillin.

Kurupt- Man, I can see quite a bit of fine chicks here tonite.

Daz Dillinger- I wonder how many will be leavin with us. (Looks over & notices Snoop) Hey, cuz look who's here?

Kurupt- Damn, it's Da Boss. Where's he been?

Warren G.- Tell me about it. It's been strange with having not seen him for a minute.

Snoop walks up & Daz shows him homey luv.

Daz- Hey, Dogg? (Gives him five)

Snoop- Hey fellow G? What's kickin?

Kurupt- Same usual shit. Where have u been?

Warren G.- U had me worried for a minute. I thought u uped & vanished.

Snoop Dogg- No, I'm still here. I had initiated a new brother in the Dogg Family. Meet my new friend, Lotor.

Warren G.- Hey, whaddup. Welcome to the club.(Offers the Pimp handshake)

Prince Lotor- It's great to meet u. U must be Warren G. Snoop has told me so much about u.

Daz- Hey, neph, what brings u to Cali?

Prince Lotor- I just Ummm crawled in here I guess.

Kurupt- (Laughs) Crawled in huh?

Snoop Dogg- It's kind of hard to explain to yall how he got here, but I need to explain this to yall elsewhere. We do that later.

Daz- Hey Lowe. how did u managed to have hair so white & long?

Prince Lotor- I don't know. It just came out that way.

Chick (Canasia)- (Walks up on the guys after eavesdroppin on their conversation) That's okay. It looks fine & compliments u sooo well.

Kurupt- What's u up to Canasia? Hittin on dudes as usual?

Canasia- No, I just come to kick it with yall.

Snoop Dogg-(Sighs) That's cool.

Snoop, Canasia, & his boys along with Prince Lotor are chillin at a corner booth sharin a few laughs & conversations.

Canasia- (Gets up) It's been nice kickin it with yall. I need to go check on my homegirls. They probably wonderin if I uped & left out.

Snoop Dogg- Me too. The D.J. is up there callin my name.

Kurupt- U go Dogg.

Canasia- (Walks up & rubs finger on Lotor's chest) And as for u, U gonna get down with me on that dance floor. Don't u forget about me now.

Snoop Dogg is up on stage.

Snoop Dogg- Ladies & Gents, how r' all of u on this lovely nite? Are u ready to get crunk out there.

Everybody in the club screams & waves hands in the air.

Prince Lotor- Man, I knew he raps & heard him bouncin in that studio of his at his crib. Now I get to see him spit his rhymes on stage.

Daz Dillinger- Yeah, that's our boy up there.

The D.J. begins playin Snoop's hit Gin & Juice as the crowd starts gettin wild.

Canasia- (Pulls Prince Lotor out on the dance floor) Come on, let's shake some ass.

Prince Lotor- I've always had chicks in my harem dance to entertain me. Now I'm out here with them.

Prince Lotor & Canasia begin gettin down.

Canasia- Oooo, I've never danced with a man with blue skin & long white hair before, but u dance so well.

Prince Lotor- Wait is something wrong?

Canasia- Why is u'r skin a blue color?

Prince Lotor- It just looks that way, but should I ask the same. Why is u'r skin so dark brown?

Canasia- I guess I can't answer that either, but u still knock me off my feet with u'r fine ass self.

Later on the partyin is over & everybody is exiting the club. Prince Lotor & Canasia are walkin out the club & notice that Snoop is almost caught up in a brawl with somebody.

Dude (Keyon)- (Him & 2 of his buddies are beefin with Snoop & his bodyguards) I want my money now muthafucka!

Snoop Dogg- Look I don't owe u shit muthafucka. Now u take u'r ass on outta here, cuz I don't want no trouble.

Dude (Malonnie)- But trouble may be lookin for u'r ass.

Prince Lotor- Man it was wild in there, but I'll dance to that again.

Canasia- I had a nice time with u tonite. Would u like to go get dinner or something?

Prince Lotor- I don;t know, cuz, umm I'm with my friend.

Canasia looks over to notice Snoop on the verge of being in a brawl.

Canasia- Oh no.

Prince Lotor- What's tha matter?

Canasia- Looks like our friend is in trouble. Losers always gotta be fuckin with him, cuz he's got money.

Prince Lotor- Not for long.

Canasia- What u gonna do soldier?

Prince Lotor- U'll see. I'll show u how we do shit where I come from.

(Prince Lotor goes inside the SUV to get his laser sword)

Malonnie- (Has Snoop & his boys cornered) I ought to shoot u'r bony ass right now.

Prince Lotor- Let him go!

The brawl outside the club.

Dude (Kallee)- Ahh fuck u! (Then pulls revolver out of pocket & aims it at Snoop) Aint nobody gonna save u'r ass, (Laughs)

Prince Lotor-(Puts sword against Kallee's neck) Are u deaf? Let him go!

Keyon- What the fuck? Hell no. Who are u?

Prince Lotor- I'm a good friend of Snoop's & u will not harm him or his friends. U understand?

Malonnie- U think u so bad with that sword blue boy? I got a gun to blow both u & u'r friend here away with.

Prince Lotor- I've had to battle with guns pointin at me all my life.

Malonnie- (Looks over at Kallee) Hey, this dude wanna fight.

Keyon- I say let's take this dude on if he wants to act like he's all bad & shit. Pull the trigger Kallee.

Kallee- (Shoots bullet at Prince Lotor) Die muthafucka!!

Prince Lotor- (Uses sword to shield bullet from him & flips high in the air kickin Kallee down to the ground) I told u I'm a tight ass fighter.

Keyon- U gonna wish u never step foot in this place. U can guard u'r little friends here all u want to, but me & my G's will be ready for u'r ass.

Prince Lotor- Whatever u & u'r soldiers wish on me, but u will never mess with them again. (Points tip of sword toward Keyon) Is that clear?

Keyon- Okay Mister. (Looks to his homeboys) Come on! Damn, let's go. That man could do us all in.

In the SUV, Prince Lotor, Snoop Dogg, Canasia, & the boys are cruisin the strip.

Daz Dillinger- Hey where did u learn to fight like that. I've never seen moves like that before.

Warren G.- Are u from this Planet? Not dissin, but I've never seen a blue skinned dude with white hair & cat eyes who fights the way u do.

Prince Lotor- I can't say, cuz I don't want yall freakin out if I tell u.

Snoop Dogg- Let's go to my crib, so u all can see where my new homeboy comes from.

Snoop Dogg is at the studio with Warren G & Dr. Dre.

Dr. Dre- Snoop, u've made several dough producing hits, but I'm afraid u've lost u'r mind.

Warren G.- I never thought Voltron people would be real for ever in my days. That man is pure evil.

Snoop Dogg- Yeah, but he saved our lives the other night at the club. We all could've been another homicide statistic.

Dr. Dre- Yeah, I feel ya on that, but look at all the people he took the lives from in his home galaxy.

Warren G.- Needless to say. He's conquered many planets for that prick ass Father of his.

Snoop Dogg- Yeah, thru no fault of his own. Ever since he been away from that miserable place, he's changed. He's not the Prince From Hell that he's been portrayed to be.

Warren G.- Okay since Prince Lotor is real, if only I could contact Commander Keith or I could let u talk to the Alliance at Galaxy Garrison. He's a monster who can't be trusted.

Snoop Dogg- Look, u don't know what the man has been thru. I've been around him enuff to know that he's not evil tyrant u think to be.

Warren G- Yeah, but then before u know it, he might just turn on u. I'm worried sick for u & u'r family Snoop. We've lost enuff artists in this game. We can't lose another. Especially u.

Snoop Dogg- Perhaps I should take u back to my crib & contact one of his girls from his home galaxy, Queen Merla.

Dr. Dre- Oh yeah, look how he did her too. He turned on her that day when the Voltron force was led to a fake Planet Doom.

Snoop Dogg- That was cuz that boy, Cossack had him in his clutches. Them Doom forces had did that Prince so wrong. Pleaz just give him a chance.

Dr. Dre- Okay, we cool, but if he starts his shit, we will inform the Alliance to send Voltron over here after his ass.

Snoop Dogg- Man, yall beginning to sound like my wife.

(Someone knocks on the door)

Dr. Dre- Hey come in.

Prince Lotor walks in with shoppin bags full of clothes with 2 blonde chicks following behind him.

Snoop Dogg- Hey where did u go?

Prince Lotor- Oh, I went a lot of places. (He pulls out his outfits from his shoppin bags) I bought me some new outfits, plus walked out on the beach. Snoop sure was right about this place. The women are sure hot out in this place. I never thought Princess Allura would have clones.

Snoop Dogg- Now didn't I tell u?

Blond chick (Kaylie)- That twitty Princess may not like him, but me & my friend here have the ultimate hots for the Prince.

Blonde chick (Stacey)- Who does that Princess think she is? I can't believe she'd turn him down. U can live in peace now Princess Allura, cuz he's ours' now.

Prince Lotor- Ya know it. I can now care less if Princess Allura snubs me away, cuz there's enuff chicks here who will have me.

The End Of Part Seven
