

Voltron/Snoop Dogg Crossover Story by Princess Iris
Chapter 8: Aliens in the Closet

Aliens In The Closet

This part begins with Prince Lotor sittin in a Hot Tub with Canasia, Kaylee, & Stacey. He has this hand-held Comm. device which he designed off his main one in the battleship, so he would no longer have to make special trips to his battleship to take his calls. He is talking to Queen Merla while sippin on his wine & enjoyin himself.

Prince Lotor- I've been doin very well here on Planet Earth Merla. There's never been a time in my life when I've enjoyed such refreshment & pleasure.

Queen Merla- Lotor, u sound like u'r a changed man. I'm so happy with the fact u'v been doin so well over there. I give a lot of credit to u'r friend, Snoop Dogg for bein so good to u. I can't wait to meet him.

Prince Lotor- Oh, u'r gonna meet him sooner or later.

Queen Merla- Lotor, I have some news I must tell u of u'r past, but I'm afraid we will have to make a journey to this Planet called Aden which is over here in this galaxy. I'll be comin over to pick u up in my Starcutter, cuz it's much too dangerous for u to come over here in u'r ship alone. U'r Father's forces have gotten much stronger & I couldn't bear losin u to all his schemes.

Prince Lotor- That sounds great Merla. I so much appreciate u for what u'v done. I can't wait to see u. I've really missed u.

Queen Merla- I've missed u too Lotor. It's been three months since I've seen u in person. I'm anxiously awaiting my arrival there on Planet Earth. So long & I shall see u when I get there.

Prince Lotor- The same to u my lady. I pray for u'r safe journey here.

The comm clicks off & Snoop along with his wife, Shante interrupts the fun.

Snoop Dogg- Lotor, sorry to butt in, but I'm afraid we need to click on the Plasma.

Shante- It's very important we watch.

(Clicks on Television & it shows President Bush making his State Of The Union Address)

Prince Lotor- (Sips from his wine & looks up at Screen) Who is that man? Damn, he looks like my Father.

Stacey- (Laughs) He sure does.

President Bush is on TV making his speech to the nation.

President Bush- This is my State Of the Union Address to the residents of the United States. For the last 6 yrs, we have seen terrorism, war, and wickedness take place on our beautiful planet & country which is caused by Al-Queda & other terrorist organizations. Out of the many years, I've been on this earth, I never thought I'd see the destruction I'd see during my term in office. I thought that we faced many dangers falling into the hands of losing our freedom & peace in our country. With the situation we have had in the Middle East, we now have an even bigger & yet more serious situation on our hands. Right now, the top person on FBI'S most wanted list was Osama Bin Laden. Well, as of today, he's been moved down to 2nd, cuz I've been informed by an organization known as the Galaxy Alliance that we have a dangerous Extra Terrestrial roamin this planet in the United States. I urge all residents to be very cautious at home & not be out alone. This man is very dangerous & has taken the lives of many people where he comes from. He comes from another galaxy known as Denubia on an Planet known for the most brutal & vicious tactics. The place he comes from is called Doom. This man is known as the Crown Prince Of Doom; Prince Lotor. (He brings out his pic along with description)

Snoop Dogg- Oh no. Lottie, this isn't good.

President Bush- I urge anybody that if they see or know anything about this monstrous man, to immediately notify the appropriate authorities.

Kallee & Keyon are watchin the same show at home.

Kallee- (Laughs) So that dude's a fuckin alien.

Keyon- I knew somethin was odd with that man.

Kallee- Now we got the chance to pay him back for what he did to us at the club the other nite.

Few minutes later, Keyon is talkin to the FBI on the phone.

Keyon- Yeah, the man on the television that the President was talkin about, he was at the club givin me & my homeys shit.

FBI Representative- Did he inflict any harm on u?

Keyon- Uhhh, yeah he sure the fuck he did. He tried to behead me & all my homeys with some sharp-ass sword. It started out when that famous rapper; Snoop Dogg started givin me shit, then all of a sudden the dude who was with him pulls out his lazer sword & started tryin to slice my head off.

FBI Representative- I'm so sorry that happened to yall. I will rest assure u that it will less likely happen again.

Thanks for the tip.

Keyon- Thank u miss. (Hangs up phone & cackles) That's payback for all u muthafuckas.

Snoop Dogg, his crew, & Prince Lotor disguised in order to hide his physical description are on board an airplane at the Burbank Airport.

Prince Lotor- I never thought I'd be goin on tour with u, Snoop.

Snoop Dogg- This is just to get u away in case the FBI comes to my place lookin for u.

Prince Lotor- What about my ship?

Snoop Dogg- It should be alright. Let it be evidence to them that u'r not a terror.

Prince Lotor- Right on!! Besides I'm the only person on Earth who can pilot that ship.

Snoop, Lotor, & people are on airplane.

Snoop Dogg- First of all, were goin to this country on the continent of Europe called Ireland to do my first concert in Dublin.

Prince Lotor-I'm so appreciative of u bringin me along to show me all over God's creation. (Looks down out his window) Damn, I've never seen so much water. Now I know why this planet looked so blue from outer space.

Snoop Dogg- Ireland is the land of the leprecauns. It's as green as they come.

The plane is flying over Ireland.

Prince Lotor- Man, it sure is green. Looks like Planet Arus. If it looks like Arus, then I should find some really hot chicks in this place.

Snoop Dogg- And u know what? Ireland has got em' to.

(Snoop, Lotor, & crew walk outside airport to meet limo)

50 Cent- I can smell the fresh Ireland air.

Prince Lotor- (Looks around) I'm luvin it here already.

Snoop Dogg- I knew u would.

Prince Lotor- The people here remind me of people back on Arus & there's a joint on every corner. I may have to make Ireland my official home.

Snoop Dogg- Suit yourself Prince.

Over in the next island country over known as England, some London officials are ready to stir shit up, while Ireland refuses to cooperate.

Officer Johns- So the word is out that our rapper friend, Snoop Dogg is on tour in Ireland.

Officer Pearman- And I've heard the President Of the U.S. say that the FBI had received several calls from the California area that him & that terrorist, Prince Lotor had been spotted several times together.

Officer Johns- (Laughs) Well, even though he can't come to our country to give us problems, this gives me the opportunity to sabatage his time over there in Ireland.

Officer Pearman- I say we immediately inform the Customs Dept. of our suspicions.

Officer Pearman calls Ireland Dept. of Defense. Phone rings at the Ireland Dept. Of Defense.

Mya (Ireland Dept. of Defense Employee)- Dept. of Defense, may I help u?

Officer Pearman- Yes, this is Officer Pearman at the Office For London Affairs. I wish to inform u that Snoop Dogg is in u'r area & that he possibly has that alien terrorist travelin with him. The authorities in the United States said they made a trip to Snoop's home in Diamond Bar & not seen signs of him.

Mya- Okay, let me let u speak to my supervisor.

Officer Pearman- Thank u.

Mrs. Magaleese (President of Ireland)- Yes, Pearman, what's troublin u?

Officer Pearman- U know that dangerous monster alien could be in u'r country roamin the streets right now?

Mrs. Magaleese- Yes, but he poses no threat to us Officer. I won't arrest him until he does.

Officer Pearman- No u don't understand. If the man is over there, he is to be turned in to the Alliance.

Mrs. Magaleese- Why should I turn him in? He's not doin anything to disrupt peace over here.

Officer Pearman- That doesn't matter. The Alliance is to be notified. If u don't notify them, I'm afraid I will.

Mrs. Magaleese- Look, I think u'r forgetting that Ireland is my country & I'm therefore the one in charge.

Officer Pearman- Then I'm afraid I will have to do this some other way, since u'r not willing to cooperate.

Mrs. Magaleese- U'r damn right I won't cooperate. Snoop & his friends are welcome in my country anytime.

Meanwhile in Dublin, Ireland, Prince Lotor is browsing a strip. He goes into a Accessory Boutique.

Prince Lotor- Man, I've never seen so much green in my life.

Store Owner (Koran)- Well, it's pretty much St. Patrick's Day here every day of the year in this place. So what brings u to Ireland?

Prince Lotor- I'm here with a friend of mine who's doin a concert tour.

Koran- Oh, so u must know Snoop Dogg? He's quite a character. The people here just luv him.

Prince Lotor- I can see why. He's been the most best friend I've ever had in my life. We been like brothers for a while. I look out for him.

Korans daughter, Tiffany walks in the store & notices her Father talkin to Lotor. Tiffany is like a Senior in highschool comin in from school.

Tiffany- Hi Father.

Koran- Greetings my daughter. How was school?

Tiffany- (Flirts with Lotor) Same ole same ole. School is school.

Koran- Tiffany, pleaz don't forget to send invitations out to u'r cousins for u'r sisters wedding. Plus, call in Josie & Cameron to see if they can help unload truck tomorrow. We're gettin a new shipment in.

Tiffany- (Cell Phone rings) Hey it's Tiffany's Hotline.

Tiffany's friend, Keri- Tiffany, are we still on tonite?

Tiffany- Well so far unless I have something else to do. There's this guy my Dad's talkin to out in the store & he's magically hot.

Keri- Good luck girlfriend. U'll have to tell me about him.

Tiffany- Talk to ya later. (Hangs up phone)

Back to Koran2 & Lotor's conversation.

Koran- And I bet he looks out for u too.
(Offers hand shake) Hi, my name is Koran. And u'r's?

Prince Lotor- Oh, my name is Lotor. And I know of a guy named Koran where I come from. I never thought I'd find somebody with the same name.

Koran- Oh my name is quite common here in Ireland. It was derived right here in this country many centuries ago.

Prince Lotor- Good for me to discover that.

Koran- I have some paperwork I must finish, but my daughter, shall keep u company.

Prince Lotor- I have yet to get to know her, but I better run myself. My friends are probably lookin for me.

Tiffany- (Rushes out onto floor) Hey, do u have to go yet?

Prince Lotor- Oh, I'm afraid so, but u can gimme u'r number so I can make u an appointment.

In the store still.....

Snoop Dogg- (Walks in the store) Hey Lotie? (Smiles & laughs) It looks like u found another chick. U be pickin up more than I be pickin.

Tiffany- (Is startled) Hey, it's Snoop Dogg.

Prince Lotor- Yeah, me & him are (holds fingers up) like this. We have to run now. Our ride's outside. I'll hollaback at ya.

Snoop Dogg, Prince Lotor, & a couple other guys arrive back at the hotel only to come back to unwanted & unexpected people waitin in the lobby for them.

SWAT Team Officer McMillan- Hey, all of u freeze with u'r hands up pleaz!

Snoop Dogg- Oh no, now what?

Officer Childress handcuffs Prince Lotor & another, Officer Wrigley holdin down Snoop Dogg.

Officer Childress- We've finally got him.

Prince Lotor, Crown Prince Of Planet Doom, u are hereby arrested for war crimes against humanity & u'r countless invasion of many Planets.

Prince Lotor- But I haven't done nothing Officer. I've renounced my former ways along time ago.

And besides, all that was because I was ordered to do so by my Father, so yall can't fault me.

Officer Childress- U can explain that all to the judge in court, but for now, u have the right to remain silent.

Snoop Dogg- Hey Officer, where are u taking my friend?

Officer Wrigley- He's turning him over to the Alliance. As for u, u won't be joining him, except however, the Office of London Affairs has recommended u'r placement in a different type of facility.

Snoop Dogg- So what's that mean.

Officer Childress- He's goin to jail, while u will be taking u'r first trip to the Funny Farm.

Meanwhile, out in space, Queen Merla is entering Planet Earth in her Starcutter.

Queen Merla- Kennedy Spacecenter come in pleaz.

Ron- Hey it's another spacecraft. We notify the Alliance. General Howell, we have a star shaped spaceship gettin ready to land.

General Howell- That's a Star Cutter. It must be Queen Merla.

Ron- Is she another alien?

General Howell- I'm afraid so, but she was a former ruler within the Drule Empire, but has for a while been allies with us. She shouldn't present any problems, however with Prince Lotor being in our custody, I'm kind of afraid to trust her. Go ahead & allow her to proceed.

Ron- Queen Merla, u may proceed.

Queen Merla- Thank u so much.

Queen Merla is gettin out of her Starcutter which has landed in Snoop's backyard.

Cordell- Hey, Mom look, another spaceship has landed in our backyard.

Cori- How cool. I'm beginning to like spaceships.

Shante- It's a starship.

Lamora- Hey, it's Queen Merla! That's her Starcutter.

Shante- I've heard my husband & Lotor say something about a woman by that name coming here.

Queen Merla walks on the back patio with her dwarflings .

Cori- Hey, we got a girl alien now!

Queen Merla- Greetings Inhabitants of Earth & Lamora it's great to see u again.

Lamora- I'm so glad u'r here. Something awful has happened to Lotor & Snoop when they was over in Ireland.

Queen Merla- Oh no, the Alliance must have them.

Corde- Yeah, & they put my Daddy in a someplace called the Funny Farm.

Queen Merla- We all must go to Galaxy Garrison to take care of some business.

Shante- I'm with u on that.

Meanwhile, the Alliance is informing the Castle Of Lions of their successful capture of Prince Lotor.

Commander Steele- Commander Keith, I wish to inform u that Prince Lotor has been captured.

Lance- Now Keith. Remember Prince Lotor has kept his promise, released some of Zarkon's slaves, & not caused any problems on Earth.

Keith- But still, he could turn right back against us.

Commander Steele- I'm afraid he's right Lance. He may not be a problem now, but he still must be punished for his many war crimes committed against humanity.

Princess Allura- No wait Commander.

Commander Steele- Yes, Princess?

Princess Allura- Lance is tellin u the truth, plus Queen Merla has told me & Romelle a lot of the things we never known about Lotor. I demand u release him & allow him to go free.

Commander Keith- Princess, have u lost u'r mind?

Princess Allura- I'm serious Keith!

Queen Merla buzzes into Comm. Room at Galaxy Garrison.

Commander Steele- Come in!!

Queen Merla- Commander Steele, I really need to talk to u. It's very important.

Commander Steele- Fine, we can do that, but only with the Voltron Force listening in.

Meanwhile, down in the jail cells at Galaxy Garrison, guards are letting Prince Lotor out of jail.

Prince Lotor- (Sittin with head down) Man, why did this have to happen to me. I knew I should've never come here.

Commander Hawkins- U've definitely been fine here on Earth, Prince Lotor & due to the fact we've had many witnesses come forward to explain that u'r tactics weren't intentional & u've renounced u'r ways, we have decided to release u.

Prince Lotor- Oh, thank u.

Commander Hawkins- The Alliance has been very proud of u.

Prince Lotor- (Smiles) I plan to keep it that way too. Where's my friend Snoop?

Commander Hawkins- I'm afraid he's forcefully being held at the Nottinghamshire Psychiatric Facility. The Alliance decided to place him there, cuz they felt with him befriending u that he isn't able to use judgement.

Prince Lotor- (Shakes head) Oh no. I've got to get him out.

Commander Hawkins- I'm sorry, but I wish I could've thought before I acted. It's gonna be hard to break him out of there, but I'll try my best to get him out myself.

Queen Merla & Shante walk in the Commander's Office.

Prince Lotor- Merla! (Rushes over to hug her) I am so happy to see u.

Queen Merla- (Holds his hands) My! What have they done to u here?

Prince Lotor- I'll explain that to u later, but for now, let's go get Snoop out.

At Nottinghamshire Psychiatric Facility, Snoop Dogg is sitting in a TV Room surrounded by a buch of fellow patients.

Patient- Hey, are u Griswold! Griswold!!!

Snoop Dogg- (Shakes head) Lord, pleaz get me out of this place. It's beginning to drive me crazy.

Nurse- Excuse me Snoop, u'r being released.. U'r friends & wife are here to pick u up.

Snoop Dogg- Thank God!! (Walks in the Parking Lot with wife, Lotor, & Merla) I'm so happy to be out of that muthafucka. I never thought them pricks over in England would have the nerve to put me in a Mental Ward.

Prince Lotor- It's better than jail would've been.

Snoop Dogg- I hear u on that one. Now it's time to get back to work.

Prince Lotor- How long u gonna be.

Snoop Dogg- I have a couple more weeks to finish up my tour. I'm still going with u & u'r girl here to u'r galaxy when I get thru, so u two just go cruise around or somethin.

Queen Merla- That's okay, cuz we have so much to catch up on. (Walks along with Lotor) My, u are lookin so good. U'r hair is even shinier, no dark circles beneath u'r eyes, & u have new clothes.

Prince Lotor- That's what u get when u don't have to put up with the tensions of Doom. (Laughs)

The End Of Part Eight
